

Active Call Center Hardware and Software Bundled Package

Last Updated Tuesday, 03 February 2009

Through our relationship with CT Distributing we are able to offer a complete single source hardware, software, and support solution for all your Active Call Center needs. A single source bundled package can save a lot of time and effort when it comes to configuring your Active Call Center system .

The exact pricing will depend on the specifics of your order and applicable tax laws. The following prices might be used as a guideline:

- Active Call Center Professional Edition for 4 lines, Dialogic D/4PCI card with driver CD, 1 year manufacturer warranty, and up to 1 hour of installation support. Package \$1,299, taxes and shipping extra.
- Active Call Center Professional Edition for 4 lines, Lucent text-to-speech engine, Dialogic D/4PCI Card with driver CD, 1 year manufacturer warranty, and up to 1 hour of installation support. Package price \$1,699, taxes and shipping extra.
- Active Call Center Professional Edition for 4 lines, Dialogic D/4PCI card, and drivers installed and tested on a brand new custom-built PC. Technical support for installation or configuration issues is provided by CT Distributing free for the first year after purchase (note: does not include Call Tree programming). Package price \$2,499, taxes and shipping extra.
- Higher line counts and different hardware configurations are possible, please inquire for a quotation.

For more details and to get a quote, please contact us or CT Distributing (www.ctdistributing.com, +1 864-527-9600, ask for George or Ashley in Sales).
